Pursuant to notice, a settlement conference was held in the above-captioned matter before the Dentistry Examining Board on July 6, 1988. The purpose of the conference was to provide all interested parties with an opportunity to discuss the allegations received pertaining to the practice of Dr. Phillip Taylor as a dentist, and attempt to reach a fair resolution of the matter.

APPEARANCES

Presiding over the settlement conference was Kathleen Kelly, D.D.S., Chairperson of the board. Board members Robert Mork, D.D.S, David Crane, D.D.S., Eva Dahl, D.D.S., Robert Henschel, D.D.S., Diane Bergschneider, R.D.H., Jeffrey Leavell and Gwen Jackson were also present.

Attorney Sherry Steffel appeared representing the Division of Enforcement to provide information concerning the allegations made against the licensee.

The licensee, Phillip Taylor, D.D.S, appeared personally and by his attorney, John P. Hayes.

PROCEEDINGS

The presiding officer made an introductory statement describing the procedures by which the settlement conference would be conducted.

Oral presentations were made to the board. These statements were made solely for the purpose of negotiating a binding, consensual agreement. They were received without prejudice to later changes and may not be used against the licensee in any formal hearing.

Subsequent to the receipt of the oral statements the board members considered the presentations and made a recommendation of settlement terms.

After consideration, Dr. Taylor filed a counter-proposal, which the Board accepted, a copy of which is attached hereto and made a part hereof. Among other things, the Stipulation provides that Dr. Taylor's execution of the agreement did not constitute an admission of fault or liability in any respect.

Based upon the proceedings at the settlement conference, and upon the Stipulation executed by the parties, the board orders as follows:

ORDER

IT IS HEREBY ORDERED that Phillip Taylor, D.D.S.,

1. Shall cease all endodontic treatment until such time as he has successfully completed a board pre-approved university course in endodontics, and,
2. Shall take a board pre-approved university course in record keeping, to be successfully completed by January 31, 1989. Thereafter, the board may for a period of one year randomly monitor Dr. Taylor's patient records.

Dated at Madison, Wisconsin, this 9th day of September, 1988.
